“Let’s Make India The Skill Capital of The world”

Shri Narendra Modi
Hon’ble Prime Minister of India

“The more we give importance to skill development,
The more competent will be our Youth”

Shri Bhupendrabhai Patel
Hon’ble Chief Minister of Gujarat

“To become a master at any skill, it takes the total effort of your: heart, mind and soul working together in tandem”

Balvantsinh Chandansinh Rajput
Hon’ble Minister (Cabinet)
Industries, Micro, Small and Medium Industries, Cottage, Khadi and Rural Industries, Civil Aviation, Labour, Skill Development and Employment

“Our vision is to develop Gujarat as a hub for skilled workforce across country and internationally ”

Shri Kunvarjibhai Narsinhbhai Halpati
Hon’ble Minister of State Tribal Development, Labour, Skill Development and Employment, Rural Development

Shri Raj Kumar, IAS
Chief Secretary, Government of Gujarat
HON’BLE DIRECTOR GENERAL’S MESSAGE

Inspired by Hon’ble Prime Minister Shri Narendra Modi and Hon’ble Chief Minister Shri Bhupendrabhai Patel’s vision of Skill India & Employability, Kaushalya: The Skill University (KSU) opens up avenues of skill-based education to students. An Affiliating State University, KSU has been established in 2021 by the Department of Labour, Skill Development and Employment, Government of Gujarat.

Our goal is to equip students with critical and innovative thinking with a well-groomed personality, the necessary knowledge, technical skills and hands-on training for a competitive world. We will provide ambience for excellent learning through Skilling, Upskilling and Reskilling.

Our all programmes are Apprenticeship/Internships embedded and provide on the job training along with classroom knowledge. Fully supported by the Government of Gujarat, the University will provide an innovative forum with international connect to the youth.

Dr. Anju Sharma, IAS
Director General
ABOUT KSU

Kaushalya: The Skill University has been established vide an Act of Gujarat Assembly in October, 2021 by the Department of Labour, Skill Development and Employment, Govt. of Gujarat with an objective of “Education with Employability” and aims at making youth ‘Skill Smart’. The Affiliating State University is committed to the principle of NEP 2020 encompassing education as a holistic mission.

The University is launching admissions for its pioneering batches for the students from all walks of life. It will empower the marginalized and minority groups also. It is accepting applications for 15 Undergraduate, 21 PG, 5 Master, 5 Ph.D, 15 Diploma, 59 skill Certificate training programmes to be offered at KSU.

Our globally relevant education will equip you with the right skills and qualities to excel in all your endeavors. We offer future oriented degrees which are developed in consultation with industry.

VISION

To promote skill based education, training and entrepreneurship development in an integrated manner and to offer education with Skills to every youth in the state.

MISSION

- To address 21st century skill gaps with skilling, re-skilling and up-skilling of youth in the spirit of NEP 2020.
- To follow global skilling benchmarks & standards.
- To maximize reach and coverage through affiliated Skill Institutes like Centre of Excellence (CoEs) and other institutions.
- To integrate skill with higher Education through transfer of academic credit earned from skill programs.
- To facilitate research in emerging areas of Primary, Secondary and Tertiary industry of State and to raise overall skill level.
## BOARD OF GOVERNANCE

Shri Raj Kumar, IAS  
Chief Secretary, GoG President

Shri SJ Haider, IAS  
Additional Chief Secretary, Industries & Mines Department, GoG Member

Shri Mukesh Kumar, IAS  
Principal Secretary, Education Department, GoG Member

Dr. Sunit Shukla  
Director, Entrepreneurship Development Institute of India (EDI), Member

Dr. Anju Sharma, IAS  
Additional Chief Secretary, Labour, Skill Development & Employment Department, GoG & Director General, KSU Member

Shri JP Gupta, IAS  
Additional Chief Secretary, Finance Department, GoG Member

Ms. Gargi Jain, IAS  
Director, Employment & Training, GoG Member

Shri HR Suthar, IAS (Rtd.)  
Registrar, KSU Secretary

## ACADEMIC COUNCIL

Dr. Anju Sharma, IAS  
Director General, KSU Chairperson

Prof. (Dr.) Ami U. Upadhyay  
Academician, Member

Prof. Sachin Parikh  
LD. College of Engineering, Ahmedabad, Member

Prof. Rajat Moona  
Director, Indian Institute of Technology, Gandhinagar, Member

Dr. Manju Singh  
Joint Secretary, UGC Member

Shri H. R. Suthar, IAS (Retd.)  
Registrar, KSU Secretary

## SKILL DEVELOPMENT COUNCIL

Dr. Anju Sharma, IAS  
Director General, KSU Chairperson

Shri Banccha Nidhi Pani, IAS  
Commissioner of Technical Education, Member

Ms. Jancy Mathews  
COO, Construction Skill Development, Council of India

Shri Soumya Ranjan  
Banking, Financial Services & Insurance (BFSI) Sector Skill Council of India, Member

Shri H. R. Suthar, IAS (Rtd.)  
Registrar, KSU Secretary

Dr. Sandhyta Chintala  
ED, IT-ITeS Sector Skill Council & VP (NASSCOM), Member

Ms. Gargi Jain, IAS  
Mission Director, GSDM & Member-Secretary of GCVT Member

Shri Pathik S. Patwari  
President, Gujarat Chamber of Commerce and Industry, Member

Shri Sandip Sagale, IAS  
Commissioner of Industries, Industries and Mines Department, GoG Member
KSU LEADERSHIP

Kaushalya: The Skill University is led by a very strong leadership team which consists of:

DIRECTOR GENERAL

The Skill University is spearheaded by Dr. Anju Sharma (IAS), Director General, KSU & Principal Secretary, Labour, Skill Development and Employment Department, Government of Gujarat.

Serving in the Government at senior leadership positions for more than 30 years, she has done her MBA in Marketing & Finance and Masters in International Development Policy from Duke University, USA and a PhD in Management.

During her administrative career she has worked as Collector, DDO and in various departments like Health, Revenue, Environment and Forests, Education in the State Government and Ministry of Commerce & Industry, Government of India.

An exemplary personality who is concerned about Social welfare, Dr. Sharma has pioneered path breaking projects like e-Mamta for Mother and Child Tracking, "Khilkhila" vans for drop back of newborn infants with mothers from maternity homes, 181 "Abhayam" helpline for women, i-Hub, a Student Start up and Innovation Hub and so on.

She has also written two books viz — “I of the Storm – Discover your true self” and “Corporate Monk — A Journey from Wealth to Wisdom”.

REGISTRAR

Shri H.R. Suthar (IAS, Retd.) is the Registrar of KSU. He started his career in the secretariat. He has vast experience of policy formulation processes in the Administration.

He was selected in the IAS cadre in the year 2007. He has served the Government as District Development Officer, Bhavnagar, Collector, Amreli and has retired as Managing Director, Paschim Gujarat Vij Company Ltd., Rajkot in January, 2018. He was appointed as a member in the Civil Services Tribunal in February, 2018 to March 2021.

His major achievements have been: playing an instrumental role in revamping the Mid-Day Meal (MDM) Scheme and bringing innovations in its implementation. He had been effective in planning and implementation of newly introduced Renewable Energy Schemes and also clearing the huge backlog of Agricultural electrification during his tenure in PGVCL.
DIRECTOR ACADEMICS

Dr Jignesh Tapariya is Honorary Head of the Department of School of Liberal Arts. He is an acclaimed academician and has secured a number of accolades in academic and research field. He has served as Member, NEP-2020 Implementation Cell, CHE, Education Department, Government of Gujarat. Prior to this he was OSD (IT) at CHE, Education Department, Government of Gujarat. He has vast teaching experience at UG, PG and Research levels. He has published 17 books and 103 papers till date. He is also the Head of School of Liberal Arts, KSU.

CHIEF SKILL CO-ORDINATOR

Mr. Pankaj Mistry is the Head of Department, School of Drones, KSU. He is a highly motivated professional, having 40 years of experience out of which 9 years in business development and productivity improvement in private sector and 30 years in government organization contributing in policy formulation, developing & implementing industry relevant curriculum and training methodology and bringing excellence in training and skill development in Gujarat.

HEAD OF THE DEPARTMENT, SCHOOL OF SCIENCE, MANUFACTURING & INFRASTRUCTURE

Dr Bharatkumar Modi is the Honorary Head of the Department, School of Science, Manufacturing & Infrastructure. He is Professor in the Mechanical Engineering Department at Nirma University. He obtained BE degree in Mechanical Engineering and MTech (Manufacturing Engineering) degree from S P University and IIT Bombay respectively. He obtained a PhD degree from IIT Delhi in 2013. He has about twenty seven years of academic experience at undergraduate and postgraduate levels. He has guided more than 36 projects at MTech (CAD/CAM) and MTech (Computer Integrated Manufacturing) programs. His research interests include Analysis of Manufacturing Processes, Metal Forming and Development of Composite Materials.
HEAD OF THE DEPARTMENT, SCHOOL OF MANAGEMENT & FINANCE

Dr. Ashish B Joshi is the Honorary Head of the Department, School of Management & Finance at KSU. He is Professor, Business Administration and Commerce, School of Liberal Studies at Pandit Deendayal Energy University (PDEU). He has 20+ years experience in academic, consultancy and corporate and institutional development. He has conducted several training programmes, faculty development programmes and MDPs on various topics related to Management for industry and society.

HEAD OF THE DEPARTMENT, SCHOOL OF COMPUTING

Dr. Manish Gupta is the Honorary Head of Department of School of Computing, KSU. He is Professor at Dhirubhai Ambani Institute of Information & Communication Technology. He received his BSc (Physics, Chemistry and Mathematics) and MSc (Mathematics) degrees from the University of Lucknow, India in 1990 and 1992 respectively, and his PhD degree in Mathematics in 2000 from the Indian Institute of Technology, Kanpur, India.

HEAD OF THE DEPARTMENT, SCHOOL OF SERVICES

Dr. Shiv Kant Shukla is the Head of Department of School of Services, KSU. He is professor of Life-Science with more than 23 years of expertise, he has made substantial contributions to the field of biotechnology commercialization by spearheading technology transfer initiatives, providing advisory services, facilitating skill development programs, and conducting research. His leadership has successfully overseen both national and international projects, playing a key role in establishing biotech parks. Recognized with multiple prestigious accolades, he is a distinguished Registered Technology Transfer Professional renowned for his global impact in knowledge exchange and technology transfer.
ADVANTAGES OF KSU

- Demand & Employability based Curriculum
- Affordable education with opportunities to earn while you learn
- Strong industry linkages and partnerships
- Focus on Skilling, Reskilling and Upskilling
- Apprenticeship embedded programmes
- Strong Governance with eminent people on the Board

KSU CAMPUS

The proposed campus of Kaushalya: The Skill University is spread over 20 Acres of Land at Shilaj, Ahmedabad and surrounded by beautiful trees and green landscape. The campus is located in a pollution free environment and has one of the finest atmospheres to study in. The University will have extremely modern and state-of-the-art infrastructure with innovative pedagogy and residential facilities.

Currently, the University is operating from its temporary campus at Mahatma Gandhi Labour Institute {MGLI}, Drive-in Road, Memnagar, Ahmedabad.
LIFE AT KSU

At KSU, students encounter a diverse and inclusive community, bringing together individuals from various educational and professional backgrounds. The university actively promotes student-driven academic and professional initiatives, encouraging students to complement their classroom education with real-world applications. Presently operating from its temporary campus at MGLI, KSU enjoys a picturesque environment surrounded by renowned educational and research institutions.

The institute boasts outstanding infrastructural facilities, making it an ideal venue for seminars, training programs, and other academic activities. Additionally, it offers excellent resources for extracurricular pursuits, cultural events, and sports activities.

KSU takes pride in organizing a wide array of events, ranging from thought-provoking discussions on current affairs to meticulously planned symposia and lectures, all of which contribute to enhancing students' academic, professional, and extracurricular interests.

To achieve these goals, students are encouraged to actively participate in student-led academic and professional clubs, focusing on different functional areas. These clubs play a pivotal role in organizing events, with the support and collaboration of faculty members and university leadership. Notably, the guest speakers invited for these events are distinguished personalities, adding value to the overall learning experience.

KSU stands as a place where students are empowered to take charge of their education, engage in practical experiences, and broaden their horizons beyond conventional classroom learning. The temporary campus at MGLI provides an enriching atmosphere for holistic growth and academic excellence.
The School of Computing provides an array of computing and related courses. The School provides undergraduate programme through collaborative, consultative and participatory approach. The School of Computing has computer lab facilities for training and R&D work in various areas of Computer Science & Information Technology applications. In the School of Computing, we help our students develop skills in programming, communication, mathematics, algorithmic reasoning and the underlying principles of computing.

**UNDERGRADUATE PROGRAMMES / ACADEMIC COURSE:**
- B.C.A
  Integrated 5 years B.C.A

**PG PROGRAMME / ACADEMIC COURSE:**
- MSC in Computer Science Specialization with Cyber Security.
- MSC in Computer Science Specialization with IoT
- MSC in Computer Science Specialization with AI/ML

**DOCTORAL PROGRAMME / ACADEMIC COURSE:**
- PhD in Computer Science

**DIPLOMA PROGRAMME / SKILL COURSE:**
- Diploma in Computer Application
- Higher Secondary Diploma in Computer Application

**SKILL CERTIFICATE PROGRAMME / SKILL COURSE:**
- Python Programming
- Data Centre Technician (Online)
- Cloud Foundation Semester 1 & 2 (Online)
- Machine Learning Foundation (Online)
- Engineering Operations Technician (Online)
- Cloud Foundation (Online)
- Cloud Security Foundation (Online)
- Data Analytics (Online)
- Cloud Developing (Online)
- Cloud Architecting (Online)
- Cloud Operations (Online)
- Machine Learning for Natural Language Processing (Online)
School of Science, Manufacturing and Infrastructure offers unique and diverse programs that give the students opportunity to study innovative ideas, conduct research, hypothesize, and expand their understanding of the world. The school encourages innovation and excellence through its research-led teaching. The academic programmes of School of Science, Manufacturing and Infrastructure are designed to address the next generation challenges that are transforming manufacturing systems. Students will gain the transformative skills needed to impact the future of work, including industry 4.0, and autonomous systems and processes. Our career-ready graduates will be equipped with the tools they need to take on critical societal challenges.

**UNDERGRADUATE PROGRAMME/ACADEMIC COURSE:**
- B.Sc. Steel Technology
- B.Sc. Transportation & Mobility
- B.Sc. Green & Renewable Energy
- B.Sc. CNC Technology
- Bachelor in Furniture Design and Technology

**PG PROGRAMME/ACADEMIC COURSE:**
- PG Diploma in Steel Technology
- PG Diploma in Solar Energy System & Management
- PG Diploma in Automotive Systems Technology
- PG Diploma in Manufacturing Technology
- PG Diploma in CNC Technology
- PG Diploma in CNC Machining (Technology, Process & Management)
SKILL CERTIFICATE PROGRAMME/SKILL COURSE:
• Specialist in CNC Machining (Technology & Process)
• Specialist in Solar Power Installation, Operation & Maintenance
• Specialist in CNC Technology for Brass Industries
• Specialist in Mechanical Design (CAD)
• Specialist in Bodyshop
• Painting Supervisor
• Automotive Welding Machine Master Technician
• Four Wheeler Service Master Technician
• Automotive Service Advisor
• 3D Printing Modelling Engineer
• 3D Printing
• CNC Lathe Machine Operator
• CNC Routing/Engraving/Carving
• Machine Operator
• Solid Wood Processing Machine Operator
• Wooden Panel Processing Operator
• Advanced Plumbing
• Modern Plumbing
• Comprehensive Plumbing
• Plumbing Installation and piping Systems

DIPLOMA PROGRAMME/SKILL COURSE:
• Diploma in Furniture Design and Technology
• Diploma in Boiler Operation
• Diploma in Process Plant Technician
• Diploma in Industrial Utility and Automation
• Diploma in Dyes and Intermediate
• Diploma in Industrial Chemistry
• Diploma in Welding Technology
• Diploma in Quality Assurance and Inspection
SCHOOL OF LIBERAL ARTS

The School of Liberal Arts enables students to become creative thinkers, skilled writers, and innovative problem-solvers. With a cross-disciplinary mindset, the School of Liberal Arts encourages its students to explore multiple academic areas of interest to increase their marketability after graduation. The School’s interdisciplinary approach to learning and flexible curriculum empowers students to diversify their thinking and prepare for their future beyond KSU.

UNDERGRADUATE Designing/Academic Course:
- B.Sc. in Jewellery Design & Manufacturing
- B.A. (Psychology as Major & English and Sociology as Minor)
- B.A. Tourism

PG Programme/Academic Course:
- M.A. in Clinical Psychology
- PG Diploma in Guidance and Counselling Psychology
- PG Diploma in Labour Laws and Practice
- PG Diploma in Hair & Skin Care

Doctoral Programme/Academic Course:
- Ph.D. in Psychology
- Ph.D. in English

Diploma Programme/Skill Course:
- Advance Diploma in Industrial Relations and Labour Codes

Skill Certificate Programme/Skill Course:
- Tour Manager
- Housekeeping Supervisor
- Housekeeping Manager
- Cosmetology & Beauty Parlour Management
- Travel Advisor
SCHOOL OF SERVICES

The School of Services offers a unique combination of undergraduate and graduate programs. The School of Services prepares and supports students to become ethical professionals working with diverse populations by actively creating an environment of inclusivity. The school promotes lifelong learning and advocacy for community needs and populations through the faculty’s commitment to rigorous academics and practical application. Students are prepared to provide evidence-based and effective services to individuals, families, and communities for improved quality of life.

UNDERGRADUATE PROGRAMME/Academic Course:
- B.Com. Banking and Insurance
- B.Com

PG Programme/Academic Course:
- PGDMLT (Medical Laboratory Technology)
- PGD in Dialysis Technician
- Post Diploma in Industrial Environmental Technology Management
- Post Diploma in Industrial Safety
- PGD in Income Tax Practice
- PGD in Goods and Service Tax Practice

DOCTORAL PROGRAMME/Academic Course:
- Ph.D. in Environmental Science
- Ph.D. in Life Science

Diploma Programme/Skill Course:
- Higher Secondary Diploma in Sustainable Farming Practice

Skill Certificate Programme/Skill Course:
- Fitness Trainer
- Lifeguard Training
- Sales and Marketing
- Industrial Safety Counselor
- Advance Safety Management
- Industrial Hygiene
- X-Ray Technician
- MLT (Medical Laboratory Technology)
- OT Technician
- Dialysis Technician
- General Duty Assistant
- Emergency Medical Technician
**SCHOOL OF MANAGEMENT & FINANCE**

The School of Management & Finance offers innovative and experiential undergraduate programmes designed to equip a new generation of leaders to make an impact in an accelerating world. Students are immersed in active learning experiences and are exposed to practical skills and tools they can immediately apply to real-world business problems. Our course curriculum is regularly updated and revised to ensure our programs are aligned to the skills and capabilities executives need in a rapidly changing world.

SCHOOL OF DRONES

State-of-the-art facilities for Drone training to be created for the first time in Gujarat at School of Drones. The School offers courses covering the entire value-chain of the Drone ecosystem. Initially the training will be provided in Drone Pilot, Drone manufacturing & assembly and Drone data processing & analytics. The School will provide special incubation support to Start-up’s in Drone Technology.

DRONE MANTRA: Drone manufacturing and training Lab Drone Mantra is an Advance Drone Manufacturing, design, innovation and training center to provide an opportunity to trainees for understanding all the aspects and fundamentals of the drones, their advance manufacturing, fabricating and working procedures.

DRONE DEVELOPING CENTER: Drone Developing center will be actively involved in developing the paradigm of entrepreneurial mindset & environment of ideating in the drone arena and creating and commercializing the drone ventures. This center aims to create innovative projects using drone technologies for agriculture, public safety & security, surveying, construction, and military applications. It will act as a Drone Innovation Hub and will support the students throughout all stages of the innovation lifecycle. It brings together under one consortium some of India’s leading facilities and experts.

PG PROGRAMME/ACADEMIC COURSE:
- M.Sc. in Drone Manufacturing and Programming
- PG Diploma in Drone Manufacturing and Programming

CERTIFICATE COURSE/SKILL COURSE:
- Drone Pilot
- Drone Manufacturing and Assembly
- Drone Assembly Technician
- Drone Data Processing and Analytics
AFFILIATED INSTITUTES

ACADEMY FOR SKILL DEVELOPMENT-HAZIRA EDUCATION

Academy for Skill Development is promoted by Arcelor Mittal Nippon Steel India Limited. The objective of skill development program is to create a unique cadre of technical talent in steel sector. The teaching methodology includes classroom training sessions, lab training, plant visit, plant expert lectures, practical project work and on-the-job training. The academy focuses on gender diversity and an inclusive learning environment.

INTERNATIONAL AUTOMOBILE CENTRE OF EXCELLENCE (iACE)

The International Automobile Centre of Excellence (iACE) is a company established by the Government of Gujarat in collaboration with Maruti Suzuki India Limited. It is located near Pandit Deendayal Energy University in Gandhinagar, Gujarat. The center is a top-quality institute that provides comprehensive training and development for the automobile industry in India, with a specific focus on Gujarat. It has modern facilities and technical labs for hands-on learning. The institute also collaborates with industry and academia partners to ensure the relevance of its knowledge and technology.

ADANI SKILL DEVELOPMENT CENTER

SAKSHAM, an initiative of the Adani Foundation registered under 8 of the Companies Act, 2013, is an ideology of the Adani Skill Development Centre to make Indian youth capable of achieving their goals in life by becoming skilled professionals. SAKSHAM is working towards bringing world-class skill development training programmes armed with augmented and virtual reality to Indian youth through partnership with various corporates and other organizations. Till date, ASDC has empowered over 90,000 youth.

JBS ACADEMY PRIVATE LIMITED

JBS ACADEMY PVT LTD. (JBSAPL) has been incorporated in the year 2000 to impart good domain knowledge in the field of Logistics and Management Studies with a thrust on Skill up dating/Vocational Training to improve the employability of Professionals working in the Logistics Sector and those desirous of creating self-employment opportunities, thereby leading to a better delivery in the Logistics Sector. JIBS Academy is a part of iBS Group with over 65 years of experience in the Logistics Sector. advantage to study in an atmosphere that has the real-world blend in learning the technological advances taking place in the world.
ASPIRE DISRUPTIVE SKILL FOUNDATION

Aspire Disruptive Skill Foundation (ADS Foundation) is a vocational training and placement organization established in 2015. It focuses on providing comprehensive skill development programs for tribal and unemployed youth from disadvantaged backgrounds. ADS Foundation aims to transform these individuals into professionals who are ready for employment in various sectors such as Capital Goods, Renewable Energy, Apparel, Hydrocarbon, Healthcare, Retail, Power, Electronics, Construction & Plumbing, and Telecom. The foundation collaborates with Central and State Governments, International Development Agencies, Public Universities, and Corporations to offer world-class skill development training to unemployed youth, unskilled workers, industry professionals, and aspiring entrepreneurs.

ANKLESHWAR ENVIRONMENTAL PRESERVATION SOCIETY

Ankleshwar Environment Preservation Society (AEPS) is registered under Indian Societies Act and also as a Public charitable trust registered in the year 1989. Ankleshwar Environment Preservation Society is promoted by Ankleshwar Industrial Association with the object of providing support to industries in the area of Environment, Safety, Education & Community Welfare. AEPS is Presently affiliated with Veer Narmad South Gujarat University, Surat for M.Sc. Organic Chemistry and Technical Education Board, Gandhinagar for Safety & Environment Course.

PIDILITE INDUSTRIES LTD.

Pidilite is a consumer centric company committed to quality and innovation. From adhesives, sealants, waterproofing solutions and construction chemicals to arts & crafts, industrial resins, polymers and more, their product portfolio is as diverse as it is ever-evolving. Today, their brands are trusted in household and industrial names, as they are the market leader in adhesives. A robust and growing network makes their products accessible across demographics and geographies. They also embrace their responsibility towards the community through social initiatives in rural development, education and healthcare.

SARDARDHAM SKILL DEVELOPMENT CENTER

Sardardham is a registered Trust that works towards improving the lives of marginalized communities and unemployed youth. They achieve this by establishing educational and training institutes, creating job opportunities, and promoting entrepreneurship and skill development. The Trust’s main activities include constructing buildings with various facilities, providing civil service training, organizing business summits, and supporting youth organizations. Sardardham also offers free competitive training for government exams and has helped over 2380 students secure government jobs. Additionally, they provide free food, hostel, and training facilities for 800 girls, and affordable hostel facilities for boys.
MAHATMA GANDHI LABOUR INSTITUTE

The Mahatma Gandhi Labour Institute (MGLI) was established by the Government of Gujarat in 1979. It operates independently and aims to provide education, training, and research on labor and related topics. The institute’s main objective is to promote harmonious industrial relations and social justice, in line with government policies. MGLI takes a comprehensive approach to labor, focusing on various sectors including agriculture, women and child labor, self-employed individuals, unorganized urban and rural labor, as well as organized labor in different sectors. The institute achieves its goals through research, training, education, and dissemination of information through seminars, workshops, and other methods.

JYOTI CNC AUTOMATION LIMITED

Jyoti CNC Automation Limited is a leading company in computerized machine cutting tools. They are dedicated to advancing technology and contribute to the development of the nation. They have a significant presence in the domestic market, with Technology Centers in 10 major cities. They also support technical education by establishing a Machine Tool Academy. Since its establishment in 1989, Jyoti has grown to become one of the largest multinational companies. Their products are locally manufactured and assembled, with a focus on customer satisfaction. The main goal of their program is to train individuals in CNC Technology, providing a skilled workforce for the industry.

INSTITUTE OF KIDNEY DISEASES AND RESEARCH CENTRE

The Institute of Kidney Diseases and Research Centre is a renowned institution that focuses on providing services, education, and conducting research for patients with kidney diseases. It is located in Ahmedabad, Gujarat, India, within the Civil Hospital Campus. The institute was established on October 7, 1981, and later, the Institute of Transplantation Sciences was established as its sister institute in 1997. The institute has expanded and now has premises in the Manjushree mill compound as well. It offers a total of 1,300 beds for various specialties such as Nephrology, Urology, Pediatric Nephrology, Pediatric Urology, Abdominal Organ Transplant Unit, Obstetrics, and Gynecology. The institute is certified by NABH and PM JAY, ensuring high-quality healthcare services.

INDIAN DIAMOND INSTITUTE

Indian Diamond Institute, Established at World’s biggest Diamond Manufacturing Centre “Surat” in Gujarat, India, in the year 1978, IDI is a registered Society and a Trust under Society Registration Act, 1860 and the Bombay Public Trust Act, 1950 respectively & has been offering its services dedicatedly since last 44 years with passion, technology & innovation to the Diamond, Gems & Jewellery trade in India & abroad. The Association also launched "Make in Surat" concept which facilitates investment, innovation, enhance skill development, protect intellectual property and build best in jewellery manufacturing class. It is devised to transform Surat into a global design and manufacturing place and reach out to a vast local and global jewellery customer.

SANAND INDUSTRIES ASSOCIATION (SIA)

Established in 2012, our Sanand Industries Association (SIA) encompasses large fraternity of more than 275 industrial units with more than one lakh workers. As a key player, SIA has emerged a solid bridge between its members and Govt. Authorities including GIDC, GETCO as a Single Window Solution providing platform to ensure their smooth operations. As a part of our mission we relentlessly endeavour to promote skill development, in house as also institutional training for our work force to enhance vertical progress in terms of quality products in a cost effective and time bound manner. Needless to state that this is a sine qua non to ensure a win win scenario for one and all stakeholders.

MG MOTOR INDIA – SKILL DEVELOPMENT ACADEMY

MG India advocates creating constant resource pool of competent human resources for the Indian Automotive Sector. The skill development academy, promoted by MG Motor India Private limited is designed to provide practical exposure, On the Job Training & classroom sessions which focuses on behavioural and technical skill upgradation of its Employees. At MG, we are actively engaged in cultivating a culture that celebrates diversity and inclusion. At present, MG has 37% of gender diverse workforce. In this first-of-its-kind initiative, women employees are involved in core technical operations like panel-pressing of sheet metal, welding, painting as well as carrying out post-production quality tests.
MAKING 'YOU' INDUSTRY READY!

KSU affirms to bring about a paradigm shift by making skill education aspirational. By offering courses that are in synchronization with the needs of the industry, the University plans to equip the students with the required skills to be industry-ready.

KSU will accelerate quality skill development aligned to industry demand, and institutionalize robust frameworks for teaching, training, and research, in order to fulfill the dynamic demands and requirements of industry and aspirations of the youngsters. Two lakh youngsters will be trained and skilled under KSU over a period of five years.

The University is set up with a mandate to support and nurture entrepreneurs and provide quality mentorship to steer the entrepreneurial journeys by providing incubation and constant support so that you can become a job provider instead of job-seeker.

KSU has been established to bridge a gap between academia and industry. It will also fill the gap between people, who graduate with degrees but do not find jobs and will have courses that provide the opportunity to students to earn a degree while learning a skill that will provide them employment.
